Tender announcement

t. +34 94 657 40 00
info@azti.es | www.azti.es

Sukarrieta, 20 June 2023

1. OBJECT

The AZTI Foundation announces the opening of a public tendering procedure for **the acquisition and installation of three electronic catch monitoring systems to be installed on board two freezer tuna purse seiners and one longliner fishing for swordfish in the Atlantic.**

The tender should include the ad hoc licence to use the system management software until 2030.

2. DELIVERY AND COMMISSIONING

The project shall be completed within a **maximum of four (4) weeks** from the date of signature of the contract, unless the vessels are not available for installation in port during this period, which will mean that this period will be extended until entry into port.

3. ECONOMIC TENDER

The maximum economic offer that will be accepted for this tender is **thirty-six thousand euros (36.000,00 euros)**, taxes not included.

Invoicing shall be made upon delivery of the equipment and the invoice shall be paid within 60 days of the date of issue.

4. ASSESSMENT CRITERIA FOR PROPOSALS

The proposals received will be assessed on the basis of the following criteria:

Economic offer	50%
Technical adjustment	45%
CSR policies	5%

5. PRESENTATION OF THE PROPOSALS

Bidders may submit their proposals to the attention of Irati Velez at the e-mail address ivelez@azti.es and at any of the AZTI centres, from the time of publication of this announcement on the AZTI Foundation website, **until 12 noon on 10 July 2023**.

Proposals can be submitted in Spanish, English or Basque.

Tenderers may contact the following address for further **technical information**:

7. CONDITIONS DE RECRUTEMENT

- The selected entity, during the time that the service relationship with AZTI lasts, must comply with the regulations in force on labour matters, Social Security and Health and Safety at Work, being subject, if applicable, to carry out the coordination of business activities in accordance with RD 171/2004 according to the procedure and specifications established (available at <https://www.azti.es/en/recruitment-rules/>)
- In any case, and independently of any other documentation, the selected entity must present, before the formalization of the contract, a certificate that proves that it is up to date with the fulfillment of its tax and social security obligations.
- The selected entity must present the necessary documentation to formalize the contract within a period not exceeding 20 days from the award. Or the documentation, the selected entity must follow the Internal Contracting Regulations published at www.azti.es
- In addition to the technical and administrative conditions, AZTI will positively evaluate those suppliers who demonstrate that they maintain policies on Quality, Health and Safety, the Environment, Sustainable Mobility, as well as Corporate Social Responsibility.

The supplier shall include in its proposal those documents or records that allow verification of these policies (quality and environmental certificates, documentation relating to actions in matters of social responsibility, etc.)

- The equipment or machine shall comply with the requirements laid down in the applicable legislation, to be taken as a reference:
 - Royal Decree 1644/2008, of 10 October, which establishes the rules for the marketing and commissioning of machinery.
 - Royal Decree 1215/1997, of 18 July, establishing the minimum health and safety provisions for the use of work equipment by workers.

MANDATORY REQUIREMENTS OF RD1644/2008

The equipment/machine supplied must comply with the requirements set out in article 41 of the Law on Prevention of Occupational Risks and RD 1644/2008 on the approximation of the laws of the Member States on machinery. It must have the following:

- CE marking.

MEMBER OF
BASQUE RESEARCH
& TECHNOLOGY ALLIANCE

- EC Declaration of Conformity.
- Name and address of manufacturer
- Identification of the machine
- Provisions with which the machinery complies
- Where appropriate, notified body and EC type-examination drawn up in Spanish.
- Instruction booklet in Spanish.
- Installation
- Commissioning
- Operation
- Maintenance, etc.
- Written in Spanish

In case of receiving the equipment/machine without the appropriate documentation, the equipment will be rejected and returned, having the obligation to notify the corresponding Territorial Industry Office.

In the event of not complying with the established legal requirements, the order and the purchases made may be cancelled.

8. GENERAL DATA PROTECTION REGULATION

Person in charge: Identity: FUNDACION AZTI - AZTI FUNDAZIOA - CIF: G48939508 Postal address: TXATXARRAMENDI UGARTEA Z/G SUKARRIETA (BIZKAIA) Telephone:

946574000 e-mail: lopd@azti.es.

“From FUNDACIÓN AZTI we treat the information you provide us with the purpose of placing your order and billing for services and maintaining commercial relations. The legal basis for the processing of your personal data is our legitimate interest in maintaining commercial relations and carrying out the provision of services, being strictly necessary for this purpose. The data provided will be kept as long as the commercial relationship is maintained or for the years necessary to comply with legal obligations and, once the relationship has been resolved, to the extent that liabilities may arise. The data will not be transferred to third parties except in cases where there is a legal obligation, as well as to those providers of technical and computer services and auditing. Under no circumstances will we carry out international transfers of your personal data. You have the right to obtain

confirmation as to whether FUNDACION AZTI - AZTI FUNDAZIOA is processing your personal data. Therefore, you have the right to access your personal data, rectify inaccurate data or request its deletion when the data is no longer necessary, as well as to exercise your right to oppose, limit or transfer your data, under the terms provided for in the applicable data protection regulations, by writing to the above-mentioned address. You may also lodge a complaint with the competent supervisory authority”.

9. TECHNICAL REQUIREMENTS

- An integrated REM (remote electronic monitoring) system capable of graphically monitoring the fishing activity of a freezer tuna purse seiner and adapted to the specific case of remote observation of the quantification of the catch is required. The requested service includes the installation and preliminary testing of the correct functioning of the system, as well as a licence to use the system management software until 2030.
- The main components and features of the remote electronic monitoring system shall be at least the following:
 - Dome cameras (multi-focal) for operational filming.
 - GPS (course, position, and speed of the vessel).
 - 2 TB data logging capacity (removable disks).
 - Non-removable internal backup non-removable disk of at least 240 GB.
 - Built-in battery of at least one hour (safety against power failure).
 - WiFi communication capability.
 - Satellite communication capability.
 - Capability of integration of Machine Vision and Deep learning algorithms in the system.
- Proven technical assistance capacity to deal with technical incidents of the installed equipment will be an asset (technical capacity, proximity for on-site assistance, speed of response, etc.).
- The existence of an R&D team in the company capable of collaborating with AZTI technicians in the development and integration of Artificial Vision/Deep Learning solutions to automate the calculation of catches, as well as the identification of species and strange events, will be an advantage.
