10. OTHERS

- The successful bidder (understood as a legal entity, group of legal entities, individual person, group of people, etc.), as well as the entities or people involved in responding to the tender or fulfilling the purpose of the tender, regardless of whether they have submitted their application or not, undertake to safeguard and maintain the confidentiality of the information obtained and to maintain professional secrecy. In this way, they shall not disclose, communicate or make known, to their staff who have not participated or to third parties, the data they have become aware of and obtained.
- Confidential Information is understood to be any information that the successful bidder and/or entities or persons other than Fundación AZTI obtain, visually, orally, directly or indirectly, in order to respond to the tender or execute the contract, including, among others, scientific, technical, financial, legal, tax and commercial information, business models and strategies, know how, names of potential customers and partners, projects and operations of any nature proposed or under study, data, algorithms, reports, drawings, market forecasts, together with the analyses and working documents, compilations, comparisons, studies and, in general, all information obtained either before or after the execution of the contract.
- The obligation for confidentiality, as well as the obligation for non-use of the Confidential Information, shall remain in force until such time as the Confidential Information is in the public domain without that resulting from a breach of the obligations of the successful bidder and/or entities or people who have had access to the Confidential Information.

BASQUE RESEARCH
& TECHNOLOGY ALLIANCE

- As far as the successful bidder is concerned, the obligation for confidentiality and non-use of the Confidential Information to which it has had access before, during or after the end of the contract shall not be extinguished upon its termination. The successful bidder may only and solely use the Confidential Information obtained or generated in the execution of the contract independently or jointly with AZTI (Results Obtained), or fragments thereof, for the implementation of this contract, refraining from any other use.
- The successful bidder shall use the Confidential Information with discretion and shall not disclose or communicate it, restricting access to the Confidential Information to its respective employees, associates, subcontractors and any person who, due to their relationship with the successful bidder, may or must have access to this information, warning them of this duty of confidentiality. The successful bidder shall be liable for any breach of this obligation, whether by its employees, associates, subcontractors or any other person to whom it has disclosed the Confidential Information.
- In any case, access to such information, data, documents, etc., not directly related to the purpose of the contract is strictly prohibited, and it is mandatory to treat as secret those that may become known.
- The successful bidder may not use the Confidential Information to, either directly or through third parties: a) initiate, offer, negotiate, contract or enter into any commercial operation or obtain any benefit that could be achieved with it, b) develop and, where appropriate, technically improve the products, solutions, services and know-how, c) protect products, solutions, methods, etc., by means of a patent, utility model or any other AZTI intellectual and industrial protection system.
- All rights over the Results obtained by the successful bidder, or any natural person or legal entity to which the latter has recourse, whether or not through an employment relationship, as a result of the execution of the contract resulting from this tender, with Results being understood to be any product (source code, algorithm, software, hardware, digital platform, apps, etc.), service (consultancy, advisory, digital, etc.), technical documentation (reports, flow charts, data, etc.) in any format, solutions (digital, software platform, programs, apps, etc.), and/or information, including any extract or replica thereof, shall be the sole and exclusive property of Fundación AZTI, with no geographical or time limit. The exploitation rights and Intellectual and Industrial Property rights over the Results, the Knowledge Generated or any Intellectual or Industrial Property registration that may be generated (e.g., Patents, etc.) and/or over the Results, knowledge or Intellectual or Industrial Property Registration derived from the above, shall belong to Fundación AZTI and, therefore, the exploitation of any tangible or intangible asset, whatever its form or nature, whether protected or not, as well as any derived right, shall correspond to Fundación AZTI.

MEMBER OF
BASQUE RESEARCH
& TECHNOLOGY ALLIANCE

- The successful bidder may not oppose the protection by Fundación AZTI of any rights derived from the Results and may not disseminate or publish any of the Results in any way, except with the written consent of Fundación AZTI and under the terms of such consent. In the event that Fundación AZTI decides to protect or register the Results with any Registration Office, the authorship of the authors, both Fundación AZTI and the successful bidder, shall be acknowledged, provided that they have participated in the registered development.
- Fundación AZTI shall have the right to use, modify, transfer, deliver, disseminate or distribute the Results to third parties for commercial or non-commercial purposes, or perform any action that this may require. Similarly, the successful bidder must deliver the complete Results (e.g., source code, etc.) to Fundación AZTI, which, as the owner thereof, may promote, directly or through third parties, derivative works based on the Results, with the improvements and derivatives being the exclusive property of AZTI.
- If Fundación AZTI provides the idea, the concept/prototype of the product or solution, the design in terms of functionality, operability, interconnectivity that the product or solution must have, the data (types, origin, data management and processing, etc.) and the know-how (Prior Knowledge of Fundación AZTI) to the execution of the contract, the successful bidder shall recognise Fundación AZTI as owner of the contribution. As a result, Fundación AZTI, as the owner of the Prior Knowledge and the Results, may exploit them directly or indirectly as it sees fit.
- The successful bidder may not, by itself or through third parties, transfer any of the Results to any natural person or legal entity, by electronic means or otherwise, and may not modify, translate, reverse engineer, decompile, disassemble, sell, transfer, sub-license, publish, disclose or create derivative works based on the Results obtained in the execution of the contract. Therefore, the successful bidder may not perform actions aimed at bringing competing Results (products, solutions, services, technical documentation) to the market that may limit the business strategy of Fundación AZTI.
- When necessary for the use of the Results (e.g., source code, software, app, etc.), the successful bidder shall grant Fundación AZTI a non-exclusive and non-transferable licence for the knowledge prior to this contract at no extra cost over and above that stipulated in the tender. The Results (product(s), solution(s), etc.) delivered at the end of the contract must be fully functional, operational and independent of others, and must not imply any limitation in the use of the Results or any additional cost for their use.
- All the conditions established in this tender regarding confidentiality and non-use of the Confidential Information, as well as regarding the intellectual and industrial property rights and exploitation rights over the Results and the Knowledge Generated, shall prevail over any subsequent agreement signed with the successful bidder that may conflict with the conditions established in this tender.
